Minisoft Announces the Inclusion of eFORMz in QAD Store's Partner Products Catalog

QAD Solution Partner's Optimized Forms Generation Solution eFORMz is a Part of the New QAD Store

SNOHOMISH, Wash. —December 18, 2012—Minisoft Inc., a leading provider of forms generation, transactional email and legacy connectivity solutions, is pleased to announce that eFORMz is now a featured product in the new QAD Store.

The QAD Store is an exclusive online, self-service marketplace for QAD customers. With the QAD Store, a QAD customer can access the resources they need to support their QAD MFG/PRO systems, such as product updates, process maps and customizations. The QAD Store also offers selected QAD Solution Partner products like Minisoft's eFORMz forms generation solution.

Optimized for QAD, eFORMz is a forms automation solution for formatting, personalizing and delivering standard QAD print output or spool files into attractive, functional documents distributed via print, fax, email or the Web. Existing eFORMz users have access to product updates, and can easily request enhancements to the product. The QAD Store also grants customers access to QAD's mobile applications for Apple iOS and Google Android devices.

Visit the QAD Store at www.qad.com/erp/qad-store for more information.
